

Birthday Parties

What to expect on the day

We will give up to 10min for everyone to arrive and not miss any of it. While waiting, the kids can play around, but the instructor will set some rules. Then the instructor will gather the kids to introduce themselves and start a fun warm-up (15min) to get the muscles going and ready for our activities.

After our warm-up, we will run the kids through some Aerial fun games and basic moves to get everyone ready for the upside-down world (45min). Then a quick break for a drink and some nibbles (if its the case). From there they will be able to have more fun on the apparatuses and we will have available some juggling balls and hula hoops as well.

We reserve the last 30min for snacks, happy birthday and cake!

During this time the kids can play around respecting the rules.

We ask the parents/guardian to use the last 10minutes to organize everything while the kids are enjoying themselves, so we can finish on time.

What we provide:

- An instructor to run some fun games and let the kids experience the Aerial apparatus. The instructor will be present from beginning to end.

- An indoor space with apparatus suitable for the age requested and lots of safety mats for safe play. The whole studio will be booked out for your party.
- A bathroom, filtered water, a kitchen sink, and a microwave.
- A table for snacks and birthday cake.
- A couch and stools for parents to watch.
- An extra 15min before the party for arrival and set up. Please, note that due to the availability of the studio, we cannot exceed the 2h15min provided. If you are late, we cannot provide extra time.

What to bring:

- Snacks, plates, cups and napkins.
- Birthday Cake!
- Any decoration you might want to put up. We ask for all the decorations and balloons to be taken with you at the end of the party.
- It can be a good idea if every child brings a water bottle with them.

What to wear:

- Workout clothes that are comfortable are the best option.
- NO ZIPPERS or METALS on the clothing as it will damage the equipment.
- If wearing dresses or skirts, tights would be ideal to put underneath as we do lots of upside down.

For safety reasons, before the class starts, the instructors will ask the kids to take off any jewellery and watches.

IMPORTANT:

- **Parents can only participate on the class if it has been pre arranged with us and it will count towards the total numbers.**
- **The instructions should come only from the Instructors provided by React due to our standards and Health and Safety training. No one else is allowed to instruct the kids during that time (even being a professional in the area).**
- **We ask for any parents/guardians watching to stay in the couch/table area only.**

PRICING:

\$375 for up to 10 kids

\$420 for 12 kids

Booking and Cancellation Policy

To confirm your booking we require a non-refundable deposit of \$100. The remainder can be paid the day before your party.

In case of cancellation 7 days or before, the deposit can be used to rebook your party on another available day.

In case of cancellation 6 days or less, the deposit becomes your cancellation fee.

FAQ

- *There are some under 5 years old attending the party, can they be part of it?*

For kids under 5 years old, a parent or guardian needs to supervise them when on apparatus at all times. They can play and be around but they won't be part of the class. They won't count towards the attendees limit either.

- *Can I have more than 12 kids for the class?*

Yes, we can organize to have more than 12 kids, but we will need to know in advance as we need one more instructor for the class. We charge \$30 per extra person.

- *Do I need to leave by the exact time the party finishes?*

Yes, we ask everyone to be punctual. 15min will be given at the beginning of the party for set up and arrival, but we need to finish and have everyone out by the time booked.

Email info@reactstudio.co.nz for booking.
